## MedXnet™ Features

- ✓ Automatic management of documents
- ✓ Automatic notification when documents expire
- ✓ Unlimited departments and document categories
- ✓ Automatic association of documents to reviewers
- ✓ Procedures for internal and external contributors
- ✓ Robust document tracking for edits and comments
- ✓ Automatic association of documents to departments
- ✓ Quick search of any of the organization's documents
- ✓ Exception feature allows change of reviewers on-the-fly
- ✓ Quick and powerful homophone / Pseudo-homophone search
- ✓ Approved documents cannot be edited by unauthorized users

## MedXnet™ Benefits

- ✓ Reduce corporate cost of document management
- ✓ Mitigate legal risks - the correct document is always used
- ✓ Reduces burden on Quality Assurance document management
- ✓ Assure proper department or reviewer has seen all documents

**CONTRIBUTE. REVIEW.  
APPROVE. POST.**

Ideally suited for use in environments in which documents must be subjected to peer review or management review and approval prior to availability, medXnet™ reduces your costs and liability by managing the entire process.

## secure digital medical transcription

- ✓ Secure access to records
- ✓ Faster "voice-to-file" process
- ✓ Removes record backup concerns
- ✓ Faster Physician approval process
- ✓ Easy to use browser-based system
